

COMMON GROUND MEMBERSHIP AGREEMENT

Please read and check the following points to make sure the membership terms are clear.

- We are making a financial commitment to reserve our group membership for the 2017 growing season and we acknowledge that our payment is non-refundable once made.
- We are each entitled to \$300 of farmer selected produce to be distributed every Friday over a period of 20 weeks from June to October.
- We are sharing in some of the risks of farming. While Jared and Rachel will do their best to fend off pests and disease, the crop proportions that they plan for me cannot be guaranteed due to the forces of nature. They grow a diverse selection of crops to help ensure that if one crop fails to provide the expected harvest, they will have others to take its place.
- All Common Ground deliveries and pick-ups are made on Fridays only. Produce that is not picked up will not be held for a later date and its value will not be refunded.
- If one of our members is away for a week, it is their responsibility to arrange for a another person to receive or pick up their share on their behalf.
